CHRISTIAN CORONA
FULL STACK DEVELOPER

Buenos Aires, Argentina · LinkedIn: chriscoronab · +54 9 1132006857 · chriscoronab@gmail.com
GitHub: chriscoronab · Portfolio: christiancorona.vercel.app

Full Stack Developer with over 1 year of experience in developing intuitive, efficient and scalable web applications, using technologies such as **JavaScript**, **React**, **Node.js**, and **Express**. Specialized in creating high-performance solutions, ensuring code quality through best practices and attention to detail. Committed to continuous learning to expand my technical skills and collaborate on challenging, high-impact projects.

PROFESSIONAL EXPERIENCE

No Country   **Remote**
Full Stack Developer   *September 2024 – Present*

- Led the team by selecting the pet adoption platform project.
- Promoted an effective work environment by facilitating collaboration and clear communication, allowing the successful integration of the team's skills.
- Designed an intuitive and responsive user interface using **JavaScript** and **React**, improving the user experience and ensuring accessibility across multiple devices.
- Developed custom forms on the frontend for evaluating potential adopters, connecting them to the backend with **Node.js** and **Express**, and managing data with **Sequelize**.
- Optimized application performance, reducing deployment times by over 80% and increasing team productivity.
- Implemented Agile methodologies **(Scrum)** for project management, ensuring deliveries on time.
